

"Brazos Abiertos"

5K Run

December 11th, Peru Generoso organises a 5K run to raise support for Brazos Abiertos and another foundation that works with children. More than 750 people participated.

More than 28 hours in line.....

To be able to have her daughter signed up at the Brazos Abiertos school, for next school year.

Rosa is first; monday morning at 4 am she sits down at the front of our gate. Tuesday at 8.30 we'll start signing up; than Jordi and Olga (our secretary) will fill accept new children for the new school year which will start in March. Rosa, she got a for her daughter. Many others who came after her didn't get one, we feel so sorry for them. On of these mums whispered in Jordi's ear if we could please accept her daughter who has the Down syndrome, 'because they tease her at the other school'. And so we heard many heart breaking stories...

Graduation

25 five year old students celebrated their graduation last week. It was a big happening as they use to have here in Peru. We're so proud of our children, their parents and their teachers.

CHRISTMAS

We're busy preparing for Christmas. Please pray, that God's light shall shine through all of us!

MOVING

Beginning of next year we're planning to move. Please pray for wisdom and finances to clear this job.

DONATIONS

Thanks!
For 25 bibles for kids, concrete, donations, food packages and more.

2016, An intense year

We're so grateful that we can testify of this years many blessings. However it wasn't always that easy.

This year we started with 5 pre school classes, 60 students in total and still people are coming from far away because they know there are open arms for them at Brazos Abiertos. The children love coming to our programs. Quite often people ask if we could please start a primary school. Right now, this is our plan for March 2018!

Great things happened in the lives of our teenagers and women as well. Their self esteem has increased. It's hard to hear their sad stories and their lack of knowledge about how to get a better life. Mistreatment and humiliation are words we so often hear. We started a discipleship group about 'The 5 love languages'. It opens up quite some conversations. *'My husband says he has never loved me'* or *'is it possible to learn to love someone that you hate?'* We praise God for the opportunities to help these people out.

Looking for.....

We're in need of a pastor / leaders, for our teenagers program 'Desafios Extremos' at Brazos Abiertos . For information, please contact us: info@brazosabiertos.net.

A sponsor for Danyel. . . .

Right now, 35 children are sponsored. Besides that, we have some temporary supports. Like Danyel, a 5 year old student of a family of 7. His mum works daily in the trash, trying to find stuff to recycle to be able to survive that day. When I told her that we found a 'padrino' (sponsor) for Danyel, so that he will be able to join the graduation this year, she got tears in her eyes. It made her so happy. Just a little money sometimes can make such a difference in a child's (and mum's) life. Thanks so much for your support!
