

THE BOSCH IN PERU

SEPTEMBER 2019

Coming to America!

Next Wednesday we hope to travel to Wisconsin, United States. As a family we have been invited by Southbrook Church, with whom we have been partnering for the last couple of years. Next to reinforce our current relationships, we also focus on promoting our ministry and our next big construction project. We appreciate your prayers for this time. That hearts and doors will open and that more people will start to partner with our work here in Peru. Our desire is also that we may be a blessing for the people we meet.

'I USED TO SLAP MY CHILDREN.....'

Is one of the testimonies of the women of the discipleship group, which Ria leads on Tuesday mornings. *'I notice that I feel more love for my kids and that I don't cry that much anymore. Through this group I came to know the Lord en this changed my life. And not only mine, but that of my whole family!'*. They all shared what God did in their lives, while eating a delicious soup at 9AM. Touching and at the same time encouraging!

COACHING OUR LEADERS

Last month with the help of a generous sponsor, we were able to hire some professional trainers to train our leaders. It was very helpful to receive professional input, next to our spiritual passion. A couple of the contestants were women from the neighborhood, who gained a leadership position in our ministry. One of them is July; she runs the sowing workshop and is in charge of 4 women who daily work on the orders we receive.

THE SCHOOL

We see the daily blessing of receiving 100 children, bringing smiles on their faces and bring God's love in their lives.

At this time we work hard to develop a personalized Christian curriculum, something that doesn't exist here in Peru.

Dear friends, we thank you for your friendship and trust. We look forward to our next encounter!

God's blessing!
