

THE BOSCH IN PERU

APRIL, 2020

PERU IN A STATE OF PANIC

Warm greetings from Casa Bosch!
We also face the consequences of the Corona virus and so we find ourselves in a complete lockdown for the past 3 weeks. Compared to the States, Peru doesn't have that many people infected, but the measurements are severe and heavenly effects the economy. We have a nights curfew and for the next days, nobody is allowed to be seen outside. People are truly in state of panic! Stores are closed and at the supermarket you find a mass line of people. It's truly time for us to shine His light to the people in need and replace panic with faith!

BRAZOS ABIERTOS

We do our best to maintain a good spirit and still to make some fun. Therefore, we began to send a daily challenge to a huge group of people from our church and outside. This challenge has the content to execute it at home by the whole family, with, ofcourse, weekly prizes for the winners! The need is high though. For weeks, nobody is allowed to work, which for many of 'our' families means that there's no food on the table, In spite of the government's help, many have to survive without any whatsoever. Thanks to donations coming in, we have already been able to hand out more than 150 food packages (1 package = 1 week food for a family). They are very grateful for the food and the words of encouragement and prayer as we visit them. We ask your prayers for them, but also for us. We will have a huge reduction of funds coming in this year. Many fundraising activities have been cancelled. God provides!

SCHOOL....

Just as our kids have to do home schooling, we do our best to have the 120 children from our Brazos Abiertos School working as well. It took a lot of creativity and adjustment from our teachers to be able to send them the homework and maintain busy. On Monday mornings, the parents come to school and pick up the homework Jordi hands out to them. Furthermore by app or phonecalls, the teachers stay in contact and support where they can. The state schools also started their lessons by teaching on television 30 minutes a day....

HAPPY EASTER!

We wish you a happy and blessed Easter!
Because He lives, we are not afraid for the future.

Our prayer for you is the peace and strength of our allpowerful Lord!

Thanks for your compassion and support.
We appreciate your prayers, they are very needed! Blessings,

Jordi and Ria
Timo, Joah and Hanna
